DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 13-15 and 20 are rejected under 35 U.S.C. 102(b) as being anticipated by Hettinger.

The Hettinger reference discloses a valve comprising a housing 16 with first, second, and common ports (see Figure 3b), an armature 18, poppets 68 of different lengths (see Figure 3b), a spring 66, a solenoid including a coil 98 and a pole piece having legs of different lengths (leg 56 is longer horizontally than leg 54, see Figure 3b).

Allowable Subject Matter

Claims 1-12 and 22-33 are allowed.

Claims 16-19 and 21 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
